

**DISCOVER HOW YOU CAN BEGIN
CREATING THE NEXT[®] WITH GTRI**

ABOUT GTRI

GTRI is the innovation hub for the industry's award-winning, nationally renowned researchers, engineers, and industry professionals who are dedicated to solving some of the nation's most complex problems.

As the highly-regarded, applied research and development division of the Georgia Institute of Technology (Georgia Tech) — one of the nation's top-ranked research universities — GTRI is comprised of more than 2,400 scientists, engineers, support professionals, and students.

OUR MISSION

GTRI's mission is to solve the nation's most complex problems through innovative and sponsor-focused research and education. Our "what's next" perspective remains the driving force behind the groundbreaking technology, applied research, and advanced prototyping systems that we develop.

OUR VALUES

Integrity

Innovation

Excellence

WHO AND WHERE WE ARE

OFFICE LOCATIONS

Atlanta | Aberdeen | Boston | Colorado Springs

St. Joseph | Tampa | Tucson | Warner Robbins
Washington D.C.

EMPLOYEE STATS

RESEARCH FOCUS

GTRI's \$640 million per year research program is organized into three directorates: [Electronics, Optics and Systems](#); [Information and Cyber Sciences](#); and [Sensors and Intelligent Systems](#). Each directorate aligns with GTRI's current and forthcoming capabilities in delivering solutions in applied research and technology.

GTRI's renowned science and engineering expertise provides a significant technological advantage to our sponsors and academic partnerships. Our unique research capabilities include the following:

01

Analysis, Modeling and Simulation, Systems Engineering and Technology Development

02

Electromagnetics, Materials, and Device Technology

03

Test and Evaluation

04

Cybersecurity, Information, Communication, Command and Control and Software Systems

05

Sensors, Weapons, Electronic Warfare and Autonomous Systems

06

Threat Systems Research and Development

BENEFITS

GTRI is proud to provide our team members with a comprehensive set of benefits designed to rival the level of innovation happening within our laboratories. Below are highlights of our benefits designed to meet the diverse needs of our faculty and staff.

- Healthcare, dental, and vision plans for employees working 30 hours per week or more on a regular basis

HEALTH & WELFARE BENEFITS

- Optional Retirement Plan (ORP)
- Teachers Retirement System (TRS)
- Generous matching

RETIREMENT PLANS

- Educational assistance programs provide tuition and mandatory fee waiver or reimbursement
- Career development including coaching and mentoring programs

TUITION REIMBURSEMENT

- Up to 21 paid vacation days
- 12 paid holidays
- Military & Court Duty leave with pay
- Accrual of 12 days sick leave annually
- Educational support leave

TIME OFF

- Sponsor and Buddy Program
- Job Rotation Program
- CareerLink Mentoring Program
- Career Coaching
- Leadership Development Programs

PROFESSIONAL DEVELOPMENT

Student Programs - University

GTRI continuously seeks dynamic and innovative students for research positions in science, engineering, technology, and math (STEM) fields. In addition to research positions, GTRI also hires students for administrative support, management, and technical support.

Advanced Concepts Laboratory (ACL)

Aerospace, Transportation, & Advanced Systems Laboratory (ATAS)

Electronic Systems Laboratory (ELSYS)

Information & Communications Laboratory (ICL)

Applied Systems Laboratory (ASL)

Cybersecurity, Information Protection, & Hardware Evaluation Research Laboratory (CIPHER)

Electro-Optical Systems Laboratory (EOSL)

Sensors & Electromagnetic Applications Laboratory (SEAL)

Currently recruiting for:

**Cooperative Education
Interns & Student Assistants
Graduate Research Students**

In 22 locations nationwide

Atlanta | Aberdeen | Boston | Colorado Springs | Dayton
Hampton Roads | Huntsville | Orlando | Panama City | Patuxent River
Pearl City | Phoenix | Quantico | San Antonio | San Diego | Shalimar
Smyrna | St. Joseph | Tampa | Tucson | Warner Robins

Student Programs Overview

Option

1

Co-op

- ▶ Be approved and enrolled in a cooperative education program at your university
- ▶ Alternate three semesters of full-time school with three semesters of full-time work at GTRI
- ▶ Be in good academic standing with a GPA of 3.0 or higher
- ▶ Most positions require U.S. citizenship

Internship

Option

2

- ▶ Complete at least one semester of a four-year undergraduate degree program
- ▶ Be in good academic standing with a GPA of 2.0 or higher
- ▶ Be able to work full time for one semester
- ▶ Most positions require U.S. citizenship

Option

3

Student Research Assistant

- ▶ Complete at least one semester of a four-year undergraduate degree program
- ▶ Be in good academic standing with a GPA of 2.0 or higher
- ▶ Work part time while taking at least 6 credit hours of coursework
- ▶ Most positions require U.S. citizenship

Graduate Research Assistant

Option

4

- ▶ Be enrolled full-time in an on-campus graduate program at Georgia Tech
- ▶ Be able to work up to 20 hours a week
- ▶ Be in good academic standing with a GPA of 3.0 or higher
- ▶ Most positions require U.S. citizenship
